Summary

I am a self-taught entry-level front end web developer that is looking for opportunities to grow my skillset in a professional environment.

I enjoy working closely with team members to ensure workloads are effectively redirected to bottlenecks and personally picking up the slack when necessary. With a passion for both personal growth and for software development, I took a 1000+ hour bootcamp about front end development to learn new skills and soldify my existing ones, Ready to apply my passion for coding to a talented engineering team to develop quality solutions.
